Neighbourhood Watch

Neighbourhood Watch is one of the most successful crime reduction initiatives ever.

Schemes vary widely. At its most basic level membership involves being aware of what happens in your neighbourhood, taking simple precautions to prevent and reduce the risk of crime and being alert to anything that is suspicious.

NHW is a community initiative owned and run by the community. The Police support this community initiative, they do not run it. Members have a key role in making it a success.

Neighbourhood Watch aims to develop a close liaison between householders in a neighbourhood and the local Police.

- Help people to protect themselves and their property
- To reduce the fear of crime by means of improved home security
- Greater vigilance
- Rapid and detailed reporting of crime and suspicious incidents to the Police
- Fostering an improved community spirit.

There are many schemes throughout Babergh, and we are keen for parish councils to promote benefits of Neighbourhood Watch in their community, and ultimately for every parish to have at least 1 scheme operating, with as many members of the community involved as possible.
