Criminal Damage – 1 Reports

- On the evening of 29/06/11 a window was broken at a property in Golding Way. SU/11/1487

Other – No Reports

If you have any information that would be of interest regarding this or any other offences, please let Babergh West SNT know or contact Crimestoppers anonymously.

It is reassuring to see a decrease in the number of crimes reported in the Parish of Glemsford to the number of crimes in the same period last year. The Silk Mill, Chequers Lane has in the space of a week been broken into twice with a large amount stolen. Regular patrols have been conducted and will continue throughout the days and nights.

There has been a slight increase in Metal and oil / diesel thefts across the county and we would ask that you do not become complacent with your security. If you or anyone you know would like some tailored crime prevention advice, please do not hesitate to contact me.

We are encouraging the public to please report any suspicious vehicle or persons in the area.

Community Engagement Briefing

May 2011 Issue 7

Countywide issues

Performance & Public confidence

- **Suffolk is a very safe county. Crime levels, based on our end of year figures (2010/2011), show that crime levels have reduced for the 5th year in succession, meaning levels are at their lowest for a decade.**
- **National Confidence Measure** - British Crime Survey figures show that to December 2010, 54% of people believe that the police and local councils are dealing with the crime and ASB issues that matter in their area, putting Suffolk at 10th nationally for this measure of confidence.
- 92.3% of people feel safe where they live, the highest level for over two years (*rolling 12 months to March 2011*)
- 70.3% of people think we are tackling the things that matter in their community. This is the highest level for 2 years.
- End of year figures show that ASB is down 8% overall, with rowdy and inconsiderate behaviour down 10%. This equates to over 2000 less incidents of rowdy and inconsiderate behaviour.
- We have attended over 90% of emergency calls with our 15-minute target time, which is a quicker target time than the national target of 20 minutes.

Finance

- Suffolk is a low cost force, but in line with police forces across the county, we are facing an unprecedented financial situation. We are facing a cut in funding of approximately £13.5 million over the next four years, based on current estimates.
- In order to deliver the financial savings required, the STEP (Strategic Transformation and Efficiency Programme) has been created to examine all aspects of how we deliver service, reducing unnecessary bureaucracy and improving value for money.
- The Constabulary is operating a recruitment freeze for both officers and staff, and the Business Support Review is in the implementation phase of creating shared support units with Norfolk Constabulary. This will provide collaborative support to our frontline services, achieving savings of an estimated £9.8million over 4 years.
- We are looking at new ways of delivering our local policing, constructing a new model that protects frontline policing, suits local demand and reduces supervisory and management roles.
- Our funding comes from two sources; government grant and council tax precept – Suffolk Police Authority froze this year's council tax at last year's levels in recognition on the economic pressures facing Suffolk residents.

Priorities

- Our latest Three-Year Plan has been published, which has moved away from national targets and focuses on what matters to Suffolk, this is available to view at www.suffolkpoliceauthority.org.uk.
- The top priorities identified through our consultation with communities are violence in public, drugs, house burglary, robbery, speeding and ASB. These have been worked into our priorities for the coming year and dedicated work will be undertaken to address these issues.
- Following consultation with our communities and an assessment of operational and organisational risks, the priorities for the constabulary for the next three years are to aim to:
 - Reduce crime and ASB
 - Improve the satisfaction of those that use our services and the confidence of the public in policing
 - Sustain the financial stability of Suffolk Police

Estates

- The Police Authority is working closely with our local councils and other agencies to explore ways in which we can use our properties and estate more effectively and efficiently. For example, it has purchased premises with Suffolk County Council, which will allow ageing properties in need of multi-million pound refurbishment to be sold off.
- An initiative called the 'Single Public Sector Estate' (SPSE) has been launched involving many parts of the public sector across Suffolk. The vision for the SPSE is to create an estate that supports the whole of the public sector, where staff from any public or partner organisation can work. The group are now looking at areas around the county so see where we can work collaboratively in respect of property needs.
- Ongoing projects include placing Safer Neighbourhood Team (SNT) offices in fire stations, council offices and schools. Framlingham SNT now shares premises with Framlingham Fire Service, and other SNTs around the county are being considered for this kind of collaboration

Police and Crime Commissioners

- The coalition Government intends to introduce directly-elected Police and Crime Commissioners (PCCs) to replace Police Authorities.
- Members of the public will directly vote for an individual to represent their community's policing needs, and the first elections are due to take place in May 2012.
- PCCs will be in place to ensure that police forces work to deliver value for money and that they are meeting local policing priorities.

Babergh West SNT Priorities 23rd June 2011 to 21st July 2011

- Priority 1** - **Valley Road Great Waldingfield CO10 0RL and ORH –**
