

Inspector Paul Crick

Safer Neighbourhood Teams are making a difference in your local community by tackling your concerns around crime and anti-social behaviour.

You can help by letting your team know about the issues you think are a priority or are affecting your quality of life.

Getting in touch is easy. You can speak to one of the team by phone, e-mail or online. You can also speak to them at one of the team's regular meetings or when you see them on the streets of your community.

We're here to help.

Your local team members are:
